OF INTEREST.

Mrs. John C. Muir, who resided here years ago, is here from the east on a visit to old friends.

Albuquerque lodge No. 85, Fraternal Aid union, will meet at 7:45 o'clock tonight at the A. O. U. W. hall.

Mrs. Victor Sade has returned from San Antonio, N. M., after spending three weeks visiting relatives and friends.

Licenses to marry yesterday were issued to Jose Fernandez Garcia, Isleta, and Maria Nicanora Jiron, Isleta; Perfecto Palz, Albuquerque, and Sofia Garcia, Albuquerque; Raymond J. Willis, Albuquerque, and Mildred Bowen, Albuquerque.

Deputy Sheriff George Walker left yesterday morning for El Paso to take into custody Clyde Ravonset, charged here with abandonment of his wife. He will return tonight. Under Sheriff Dick Lewis was informed that Ravonset has waived extradition.

'THE GREY MASK'

AT THE PASTIME THEATER TODAY ONLY

World Film Corporation presents the five-part photoplay, "The Grey Mask." The story of this wonderfully thrilling drama is by Charles Wadsworth Camp, and it appeared recently in Collier's Weekly.

Edwin Arden and Barbara Tennant play opposite each other in the picture, which is the production of Frank H. Crane, who has many World Film successes to his credit.

Miss Tennant will be remembered for her beautiful work in "The Dollar Mark," "The Marked Woman," "The Butterfly" and "Miles."

The story relates how the Henning bank, a notorious combination of crooks, attracts the attention of the police, one of whom, Joe Kridel, is murdered. His fiancée, Nora, vows to discover the name of the assassin, and secretly joins the band. The authorities commission a young detective, Jim Garth, to get after the criminals.

Simmons, an experimental chemist, has his face injured in an explosion and covers the scar with a grey mask. Jim Garth assumes the disguise of a grey mask and so gets admission to the bank, which is detected and arrested when trying to rob a safe of a valuable explosive.

The name of the murderer is revealed to Nora, who out of gratitude bestows her hand and heart on Jim Garth, who has long loved her.

"The Grey Mask" is a highly exciting and sensational drama, and it will be presented at the Loric theater today only.

DEATHS AND FUNERALS.

Funeral of Mr. Holwell.
 The funeral of Timothy Holwell will be held this morning. High mass of requiem will be said by Father A. M. Mandelari, S. J., at the Church of the Immaculate Conception beginning at 9 o'clock. Burial will be in Calvary cemetery.

DEFRAUDER ONCE PLAYED SOCIETY HERE, IS BELIEF

George Lee Thorne, Arrested in Portland, Ore., Thought to Be W. E. Gaines, Known Here as Young Attorney.

W. E. Gaines passed several worthless checks amounting to more than \$100—according to the police—and shook the dust of Albuquerque from his heels. He was believed to be a young lawyer looking for a location. He was handsome, a good dresser, educated, and the doors of society were open to him.

Gaines left here last spring. Since then Chief Thomas McMillin has been trying to find him. Last night he was notified by the Burns detective bureau at Denver that George Lee Thorne, who was arrested January 2 in Portland, Ore., is believed to be Gaines. Thorne is possessor of a long string of aliases and confessed to obtaining more than \$25,000 through fraud, according to a clipping from a Portland newspaper, which the Burns people sent to Chief McMillin.

Matson Identifies Photograph.
 A photograph of Thorne in the Portland newspaper, was identified by O. A. Matson as that of Gaines. One of the Burns operatives, whose report also was sent to Chief McMillin, states his belief that Thorne is Gaines. The detective says that one of Gaines' cards was found in his possession.

The newspaper account describes Thorne as 31 years old and says he is a graduate of the College of Physicians and Surgeons of Chicago. One of his aliases contains the title of "doctor." The name Gaines is not included in the list of pseudonyms given in the Portland newspaper.

Gaines had an account with an Albuquerque bank and one, at least, of the men who cashed checks for him shortly before his departure, had done so before and they were honored at the bank, say the police.

One Alleged Bad Check for \$40.
 The men and firms who hold Gaines' worthless checks, say the police, are E. L. Washburn & Co., Grimshaw's, Arthur Everett, O. A. Matson and the Citizens bank. The biggest of the alleged spurious checks was taken by Mr. Everett and was for \$40. It was said. This check was said to have been given in payment for a watch.

FELL OVER A BOARD WALK, HE ALLEGES; SUES CITY FOR \$1,000

Suit against the City of Albuquerque was begun in the district court by Amado Chavez for Amado, his son, asking judgment for \$1,000. Laurence F. Lee is attorney for the plaintiff.

The allegation is made that young Chavez fell over a fault in the sidewalk on North Second street on the night of January 3. Cement walks have been built on the west side of the street between New York and State avenues except in front of No. 801, and a wooden sidewalk is in front of this number, according to the complaint. The wooden walk is several inches higher than the grade of the cement walks, it is said.

Suit for the dissolution of the alleged partnership of Arthur Scoofas and Peter M. Leaskon was filed by Judge W. C. Heacock, attorney for Scoofas. Scoofas alleges he has half interest in the Albuquerque cafe but that he was told November 17, of last year, that he had no interest in the business. Besides a dissolution of the alleged co-partnership he asks for an accounting, the appointment of a receiver to sell and for a division of the surplus.

James A. Bishop asks for a divorce in a complaint filed by his attorney, A. G. Simms. He was married June 7, 1913, at Kansas City, Mo., and his wife abandoned him in June, 1915, he alleges. They have one son, James, 1 year old.

The cause of W. C. Leonard et al against V. A. Greenleaf was reinstated by order of the court. The supreme court reversed the dismissal of the case by the court here.

PUMPS NOW IN USE AT SEWAGE PUMPING STATION ADEQUATE

No necessity exists now for another pumping unit at the Barcelona sewage pumping station, according to A. B. Hutchinson, acting city engineer. The sewer committee of the council, getting upon his report, has directed the returning of bids for another pump. The bids were called for November 1. At that time it was believed that the city would have to add to the equipment at this station.

Pumps and motors at the Barcelona station were overhauled and run night and day for a time. The pumps proved adequate, removing the backed-up sewage in less than two weeks of almost continuous service. Then it was shown that the pumps were slightly more than able to take care of the ordinary flow, according to Mr. Hutchinson.

The main sewer has been cleaned. About eighteen inches of cinders were found in the bottom of the thirty-six-inch pipe, extending from the pumping station to the manhole at Third street. The last three or four inches were so tightly packed that they could not be removed with the apparatus in use. The last later will be gotten out soon.

In his report to the mayor and sewer committee Mr. Hutchinson said:

"Considering the fact that these pumps have given years of good service and have shown considerable wear and tear, we have now got them onto a fair condition of repair and they are giving a good per cent of their original efficiency, and by letting each pumping unit rest about eight hours on alternate nights, with an occasional continuous service, I think that our present equipment will be able to care for our sewage flow for some time."
